SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on Hwy 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Pfeiffer Big Sur State Park reopened to the public on 07/01/17.
- Julia Pfeiffer Burns State Park, Andrew Molera State Park, and Highway 1 at Pfeiffer Canyon Bridge remain closed.
- Effective 07/01/17, there is a shuttle available until the Pfeiffer Canyon Bridge reopens.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- Remains fully closed in both directions at Mud Creek due to continued slide activity. Delivery vehicles and local residents will need to use Nacimiento-Fergusson to exit south or to clear the access times at Paul's Slide. Local residents and delivery vehicles only; the only access to the public is accessing on Highway 1, using Nacimiento-Fergusson, will be to Gorda (PM 10) to the south, and to Limekiln State Park (PM 20.76) to the north.
- Estimated opening date is 06/01/18.

WEATHER OF CONCERN

Weather of Concern

- It is going to be a hot weekend for interior locations of northwestern California. Highs are expected to be near the century mark.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** Very hot this weekend interior valleys, chance of thunderstorms northern areas Sunday afternoon through Monday evening ***

The cooling effects of a low pressure trough along the West Coast will be with us one more day before it weakens and higher pressure returns over the Northern California region with much warmer conditions for the weekend. Afternoon highs will climb substantially Saturday and Sunday to generally be around 105 for the warmest inland areas except the northern Sacramento Valley where conditions will be within a few degrees of 108. Inland valley areas that benefit from the marine layer influence and Delta breeze will be cooler.

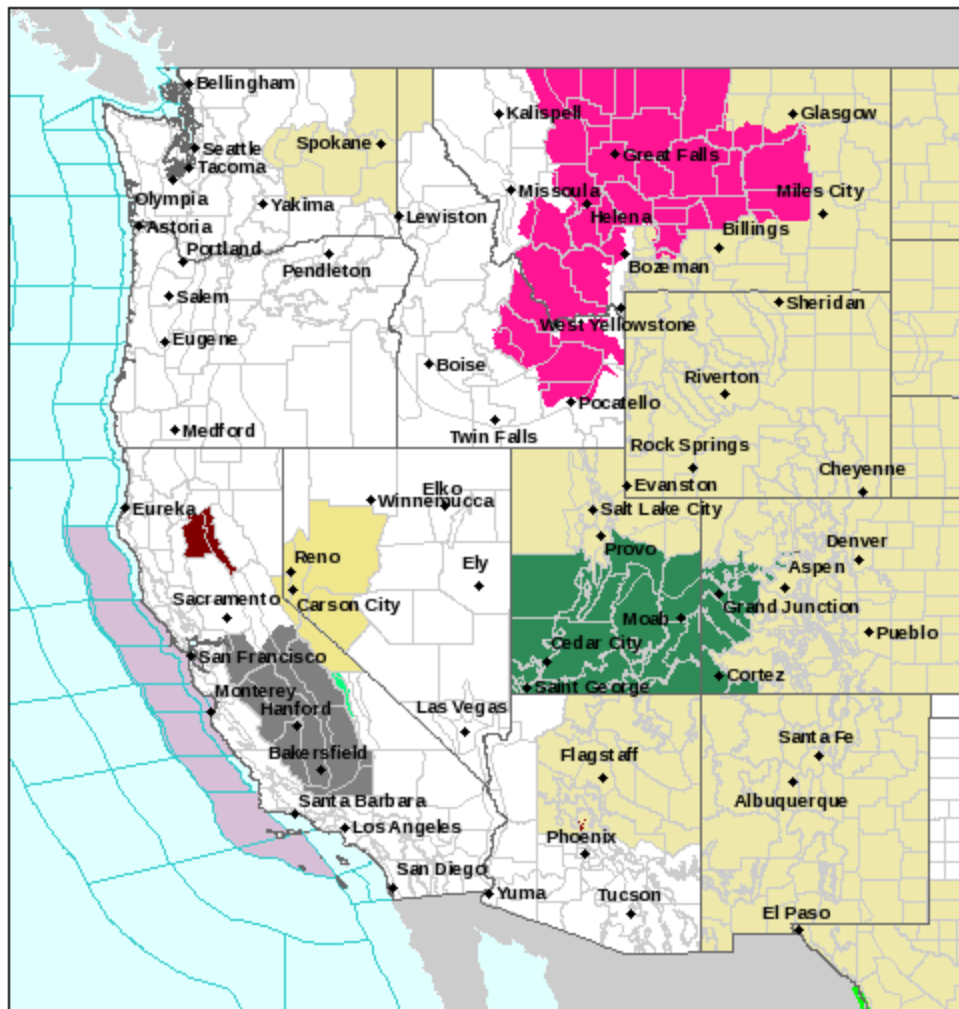

Later Saturday a weak low pressure system appears likely to be in place just off the Northern California coast, and it will move inland Sunday and Monday. No thunderstorms are expected over the Northern California region through Saturday. The timing, moisture content and track of the low Sunday and Monday remain uncertain. However, for now, it appears there will be isolated thunderstorm activity mainly over the far northern areas Sunday night through Monday evening with a small chance of a few thunderstorms near the NV border just on Sunday. Confidence in those details remains rather low, although we are now more certain that some thunderstorms will develop. A larger cooling trough dipping south from a low near Vancouver Island will be over the region Tuesday and Wednesday to return a dry SW flow over the region.

Lighter westerly afternoon winds will be in place east of the Cascade/Sierra crest today, and the depth of the marine layer will remain somewhat variable with areas of persisting overnight and morning low clouds.

SOUTHERN CALIFORNIA

A few showers continue over portions of eastern San Diego County into central Riverside County early this morning. These showers should dissipate by mid morning, but clouds may linger through noon over much of the desert south of I-15. Otherwise, expect mostly sunny skies with slightly cooler temperatures due to an increase in onshore flow. Highs will reach the lower 90s in the valleys, upper 90s in the San Joaquin Valley and around 108 in the low desert. Minimum RH will be in the teens once again over central areas of the state below 7,000 feet, but high RH will continue over areas south and east of Los Angeles County. Northwest winds of 15-25 mph will be possible along the central coast this afternoon. Isolated storm coverage is expected today from San Diego County eastward into the desert. Tonight into Friday morning, local north winds of 10-20 mph will develop over portions of Santa Barbara County. Similar weather is expected Friday. High pressure over the Midwest may shift slightly further west over the weekend, leading to a warming trend. Temperatures will be in the upper 90s in the valleys and lower foothills and up to 105 in the San Joaquin Valley this weekend. Friday and Saturday, only a handful of storms over the far eastern desert are expected. Next week, southeasterly flow may import more monsoonal moisture into the area. Scattered storms will likely return to the deserts Sunday, and may reach the Sierras and much of Southern California by Monday and Tuesday. Temperatures will be slightly cooler to start off next week.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

- **2017-LAW-37407, 07/19/17 at 1630 hours**, Inyo County Sheriff's Office is requesting SAR mutual aid to assist in locating a missing 61 year old female hiker who hasn't been seen since separating from her hiking party mid day Wednesday in the area of Baker Lake/Big Pine Canyon. A handwritten note dated 07/19/17 at 1200 hours, believed to be from the MP, was left at Coyote Flat so searchers are concentrating in that area with the help of CHP out of Victorville. Inyo is requesting Type I ground searchers and ATV's for a Thursday Op Period. Only Kern County/China Lake Team was able to support for Thursday. **Update: 07/20/17 at 0650 hours**, Planning for Friday and into the weekend, LDO re-contacted Kern, along with Mono and San Bernardino County SAR Teams. A/C Broughton is assisting with the coordination calling other teams including Placer, El Dorado, Riverside and Los Angeles Counties. **Mission Ongoing.**
- **2017-LAW-37349, 07/18/17 at 1110 hours**, The Sacramento County Sheriff's Department (SSD) is requesting SAR mutual aid to assist locating an Asian male adult, presumed drowned, at Brannan Island. The missing person (MP) was camping with his family earlier Tuesday when he left their campsite to fish. His family later located his fishing gear and clothing, but no sign of the MP. The USCG Rio Vista and Solano County SO marine teams are responding to assist. **Update: Ground searchers were UTL on the MP. Solano SO Dive Team and USCG have rescheduled for Saturday, 07/22/17. Mission Ongoing**
- **2017-LAW-37339, 07/17/17 at 1716 hours**, the Mariposa County Sheriff's Office (MSO) requested Law Enforcement Mutual Aid in support of the Detwiler Fire. The request was for 8 Law Enforcement vehicles with either one or two officers each for a 12 hour deployment beginning on 7/18/17 @ 0800. Mariposa also requested a second 12 hour deployment with similar staffing beginning 7/18/17 at 2000. Merced and Madera County filled the day shift request. The Fresno County Sheriff's Office (FSO), as the Region V Regional Mutual Aid Coordinator is working to fill the night shift staffing. In addition, MSO requested options for housing of 30 male and 14 female inmates in the event that the County Jail must be evacuated. Merced County Sheriff's Department (MCSD) accepted that portion of the mission and will stage an inmate transportation bus and driver in Mariposa for immediate inmate evacuation, if needed. A Cal OES Law Branch Assistant Chief has been deployed to Mariposa County for coordination. **Update: 07/18/17 at 1530 hours**, MSO requested additional LEMA support as follows: For the evening of 07/18/17, 5 patrol vehicles (single/two officer cars); On 07/19/17 at 0800 hours, 10 patrol vehicles (one/two officer cars) in addition to 3 Animal Control Officers; For 07/19/17 at 2000 hours, 15 patrol vehicles (one/two officers cars). EMAC and Public Assistance - 2017 Winter Storms

- Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.
